CUMBERLAND

Dedication & Memoriam

Michael Paul Gramegna
"Mickey"
January 6, 1956-February 22, 1973

We the class of 1974 wish to express our deepest feelings by dedicating our yearbook to the memory of our friend and classmate Mickey. He brought many joys, pleasures, and responsibilities into his life and the lives of others, such as camping trips with his family, snowmobiling, the beach, work, and making those close to him happy. His death brought extreme sorrow and everlasting meaning into many peoples lives. He was a friend we miss and who we shall never forget.

"Seem's the good they die young, I just looked around and he was gone."

To Kathy
You're a real nice
kid. Always remember
to my Lau. Good luck in
the future
Gail

WE MAY NEVER PASS THIS WAY AGAIN

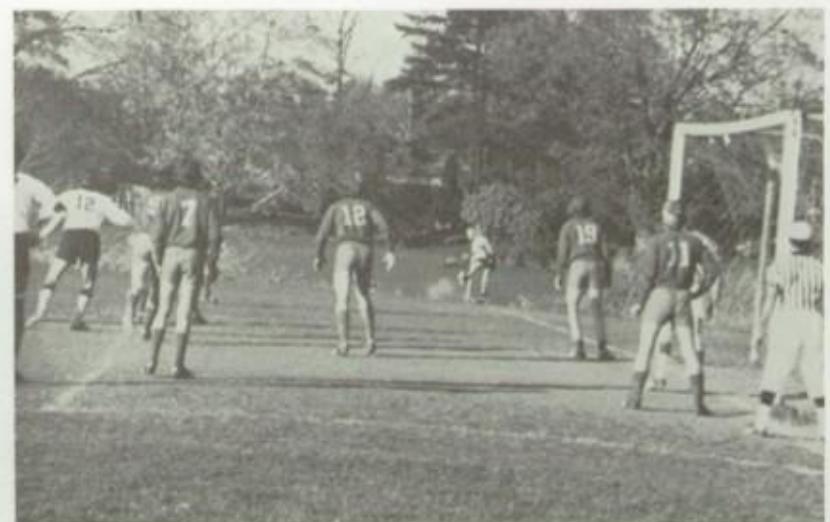

Life — so they say
Is but a game and they let it slip away
Love — like the autumn sun
Should be dying but it's only just begun
Like the twilight in the road up ahead
They don't see just where we're goin'
And all the secrets in the universe
Whisper in our ears and all the years will come and go
And take us up always up,

We may never pass this way again

Dreams — so they say
Are for the fools and they let them drift away
Peace — like the silent dove
Should be flying but it's only just begun,
Like Columbus in the olden days
We must gather all our courage
Sail our ships out on the open sea
Cast away our fears and all the years will come and go
And take us up — always up.

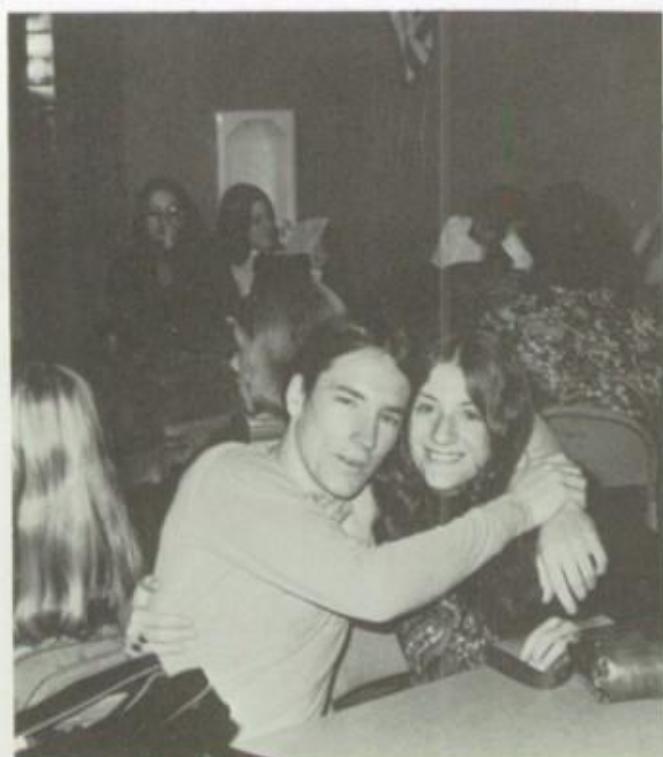

Life, so they say

is but a game

and they let it slip away.

Love, like the autumn sun

should be dying, but it's only just begun.

Like the twilight in the road up ahead

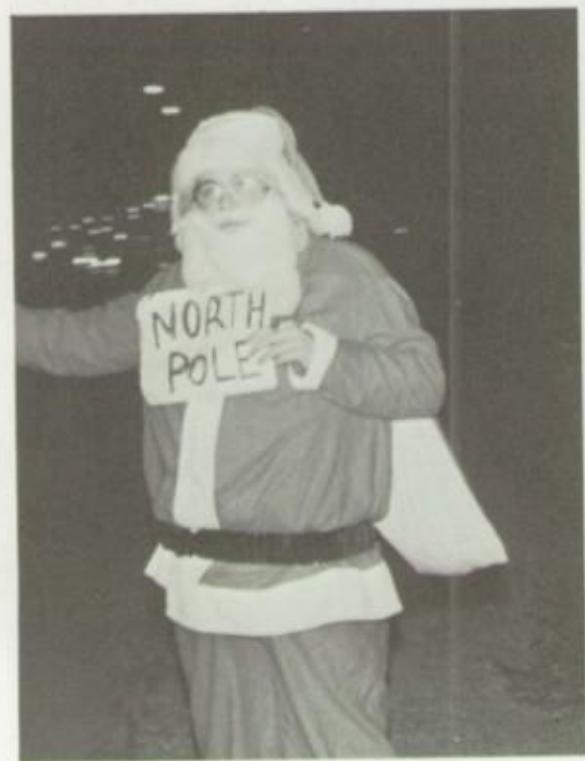

*and all the secrets in the universe
whisper in our ears,*

they don't see just where we're going

and all the years will come and go and take us up, always up.

Dreams so they say

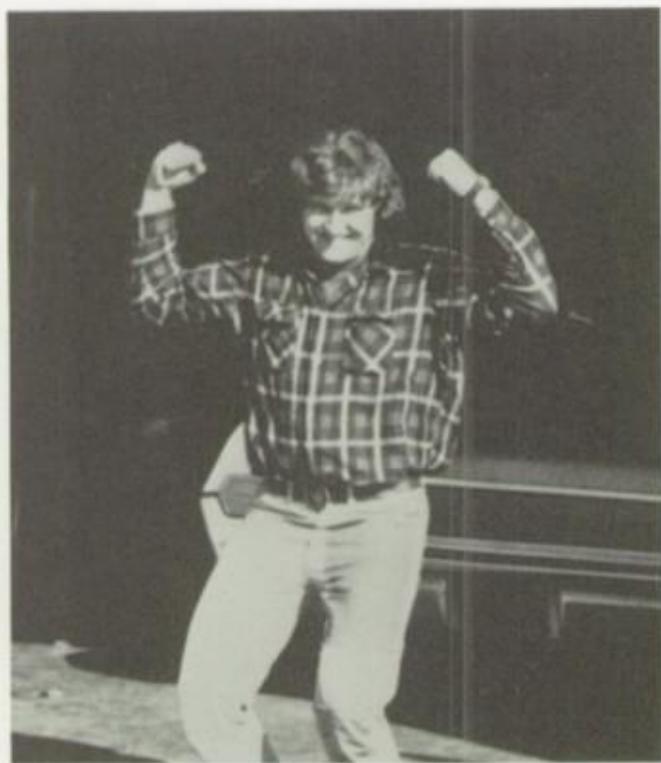

are for fools and they let them drift away.

Peace like the silent dove

should be flying but it's only just begun.

*Like Columbus in the olden days we
must gather all our courage*

sail our ships on the open sea

cast away our fears

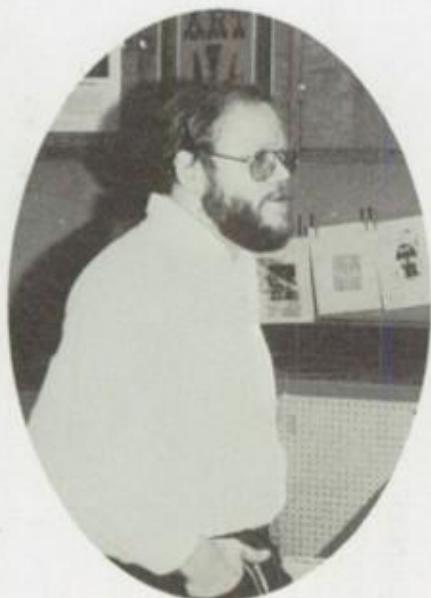

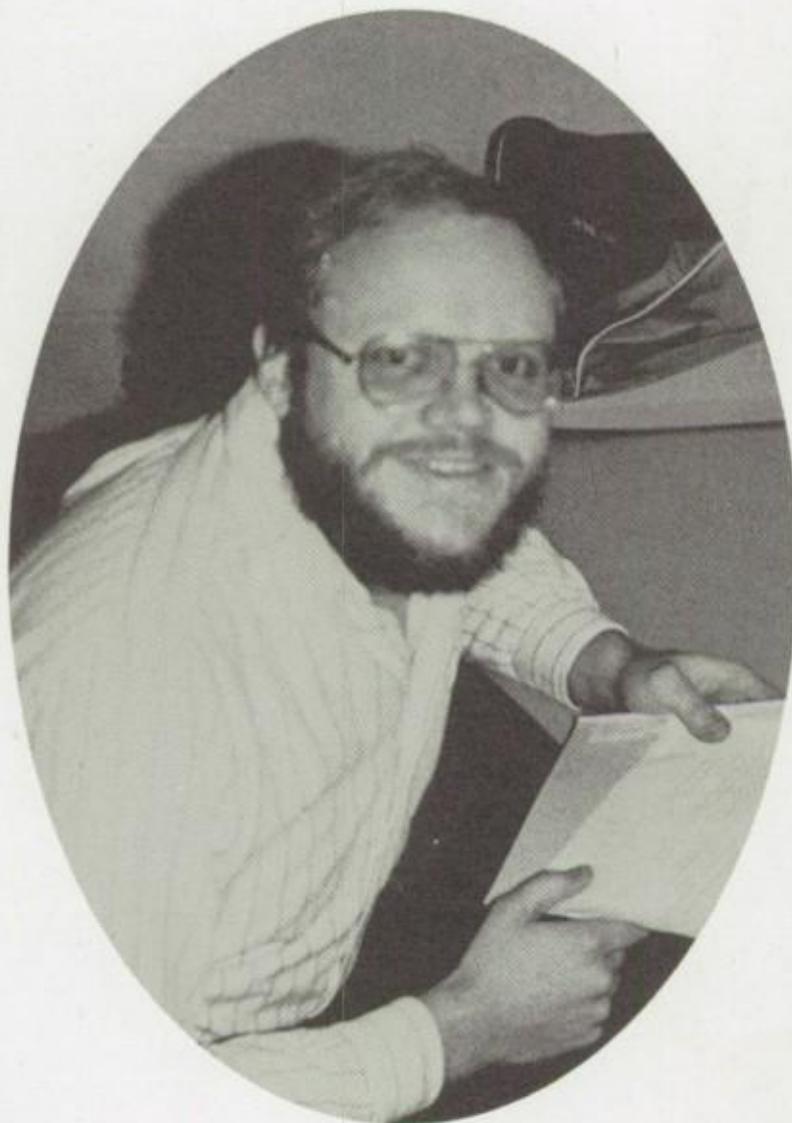

and all the years will come and go

and take us up always up.

In Appreciation to

Stephen A. Hamilton

The Cumberland Staff and the Class of 1974 would like to extend their sincere appreciation and gratitude to Mr. Hamilton, our yearbook advisor.

He is a man of varied interests, a man of ideals, a dedicated man and a happy man, who hasn't lost his enthusiasm for art and education.

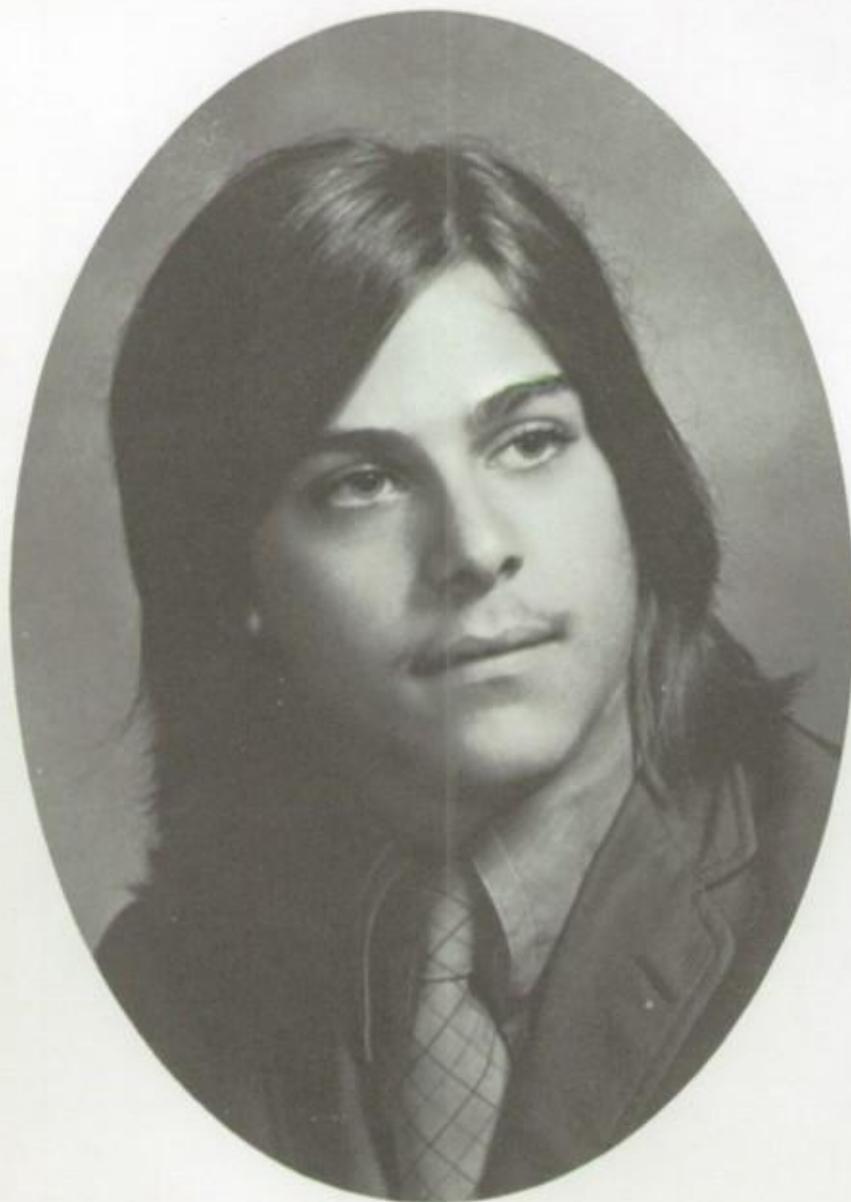

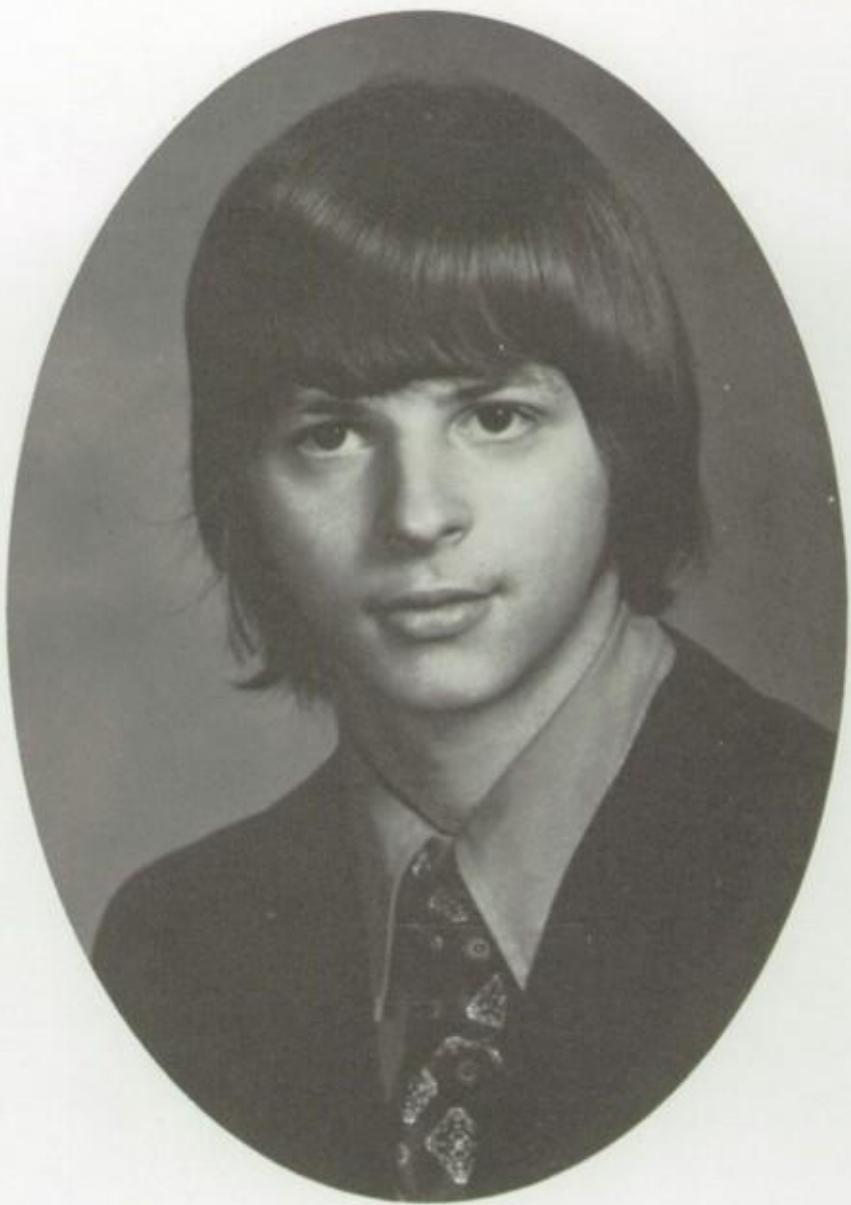

We truly appreciate Mr. Hamilton's support and guidance throughout our four years of school.

Thank-you.

President's Message

As I look back on the experiences of the class of 1974, I can see the ambition and togetherness we have exhibited in all we have undertaken. In the past four years we have come to know and relate to each other in many different ways. The friends we have made will always remain with us as we pursue the paths of our futures. The experiences we have had with fellow students will remain as cherished memories to be recalled frequently in the years ahead.

Now as we look to the world these memories alone show us that the time we have spent in Rocky Hill High School was not wasted; in fact these past years have been invaluable to our lives. As each and every one of us chooses our road to the future, I feel confident that what we have learned here in Rocky Hill will remain a part of us for years to come. I'm sure that all of our roads will someday come together once again, and I'm sure that time will be as momentous as this.

Class

In the beginning, God said, "Let there be light," but instead there was the class of 1974. Because of our spectacular creation, we were expected to lead the school into its finest hours, and we did not let them down. Even as Freshman, the class of 1974 showed their strong leadership qualities by proposing the basic outline for the Student Senate.

As Freshman, we made routine fund-raising schemes seem spectacular. At our first bake sale, the proprietors of the grocery store accused us, The Great, The Glorious, Class of 1974, were accused of harboring criminals. Despite these accusations we carried out the bake sale with simple perfection.

Of course, the class of 1974 had its jovial moods when for example, they held their car wash. As the event came to a close, more people were washed than cars were.

Even as freshman, we had our gearheads. Such as, Jim Syme, driving along in a souped-up 12 horse tractor, made deliveries for our wreath sale, and struck fear into the hearts of every little old lady in town.

As in every other activity, the class of 1974 led the school in sports. Crazy Craz and Wacky Wayne were two stars of the J. V. baseball team. Wacky led the team in hitting, while Crazy led the team in errors.

We led the way in ecology by initiating an Earth Day. Students fanned out over the town in a successful attempt to clean up the streets and make the townspeople aware of this problem. We consider this effort a small step for mankind.

In our sophomore year, we carried out our responsibilities with the same degree of efficiency as we had done in our freshman year. We were the first class to benefit (???) from the open study.

Because of our never-ending demands, the first soda machine was rented for student use. It never works, but that fact is trivial.

We set the example with the first talent show. Our master of ceremonies was that television personality, Svenghoulie played by Mark Sahadi. The show featured such excellent acts as Uncle Dudley's orange eating festival.

We held another bake sale our sophomore year, the management, angry at us for the previous year, decided to hinder us by making the table break. We called them a few sweet words and carried on with the bake sale.

The J. V. soccer team showed its prospects for the future by playing through a 11-1-1 season.

Our junior varsity basketball team was nearly annihilated by injuries, and that's enough said.

The junior varsity baseball team began with a record of 24 players, and ended the season with 12.

We had a few stars on the track team who were to be heard from later.

History

In our junior year, being criminal harbores, we turned into super salesmen. Our efforts were concentrated on selling t-shirts which netted us a total loss of 32¢ for postage stamps.

As salesmen, some of the members of the class sold the administration on the idea of having an open campus program for those involved in a certain class.

Speaking of selling, we sold ourselves to the new vice-principal Lloyd Johnson, and perhaps that was one of the reasons why he left.

We also assisted the class of 1973 with the Senior ball. Then, turned our efforts to our junior prom, which certainly was a night to remember. We spent the following day recuperating down at the beach. And we spent the following week recuperating from the recuperation.

Throughout our junior year our vice president and Senate representative, Greg Batterson, fought it out with the smoking proposal. After reaching the Board of Education he realized it was a waste of time.

The tennis and golf teams captured the C.O.C. crown. Congratulations to K. G. (Haney), and Mr. D., you deserve it.

With much regret we were forced to say goodbye to two of our dearest friends and most popular advisors; Mr. Ken Roy, and Mrs. Ann Marie LaCore.

Our senior year began with a surplus of four advisors, but we took them anyway. That was the best decision we have made yet.

Once again the class of '74 set a president with their scholars program to Weslyn University.

As for programs the class has been busy with such activities as; the record setting car wash, (which turned out to be a big bath for the workers), the hugely successful and record breaking spaghetti Supper, and Talent Show, (certainly you can't forget those two programs.)

Now we look towards class night, the class picnic, and surely the expectations of the Senior Ball, (at the Hilton), and graduation will lift us all.

The athletics in our last and most memorable year at RHHS were successful. The soccer team captured the C.O.C. crown as usual, The basketball team tried hard, but they weren't given the chance to get it together until late in the season. We have great hopes for the track, tennis, golf, and baseball teams in the spring.

All in all we have set records and presidents throughout our stay at RHHS. Every member of the class of 1974 can feel as though they have played a part in it.

Candid Quickies

Let's sneak out the back way.

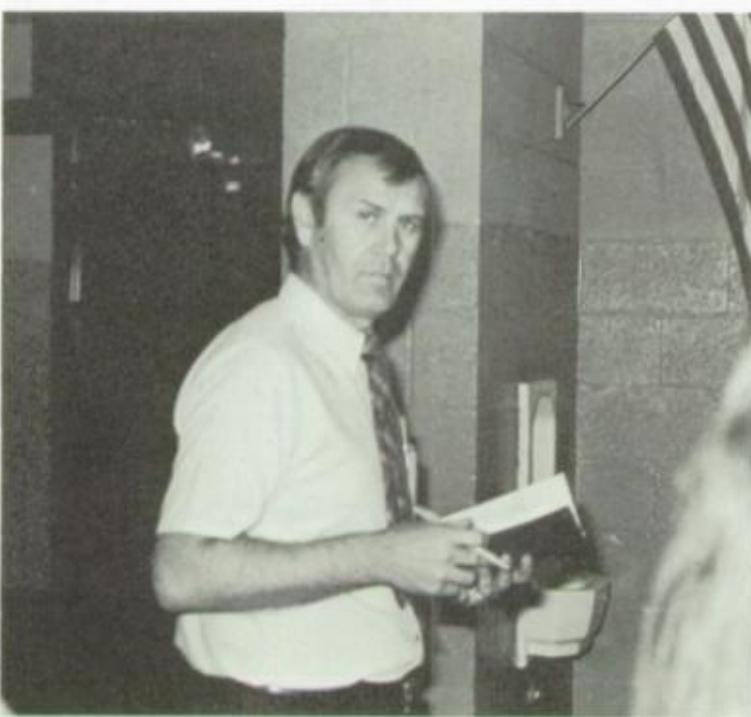

Roll over Beethoven.

What goes up, must . . . ?

If man were meant to fly he would've had wings.

Who's the wise guy that scribbled in my book?

I'll never tell.

Did you wash your hands?

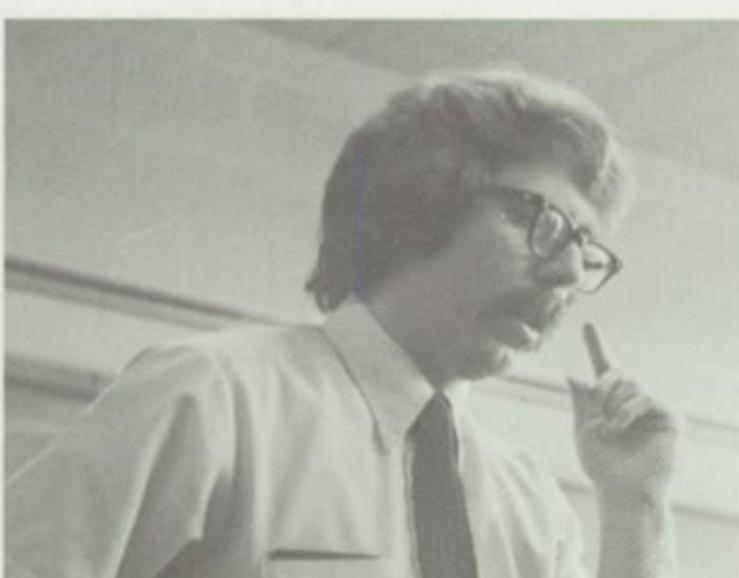

Who's got a dime?

Smell no evil.

Weeeeeoo!

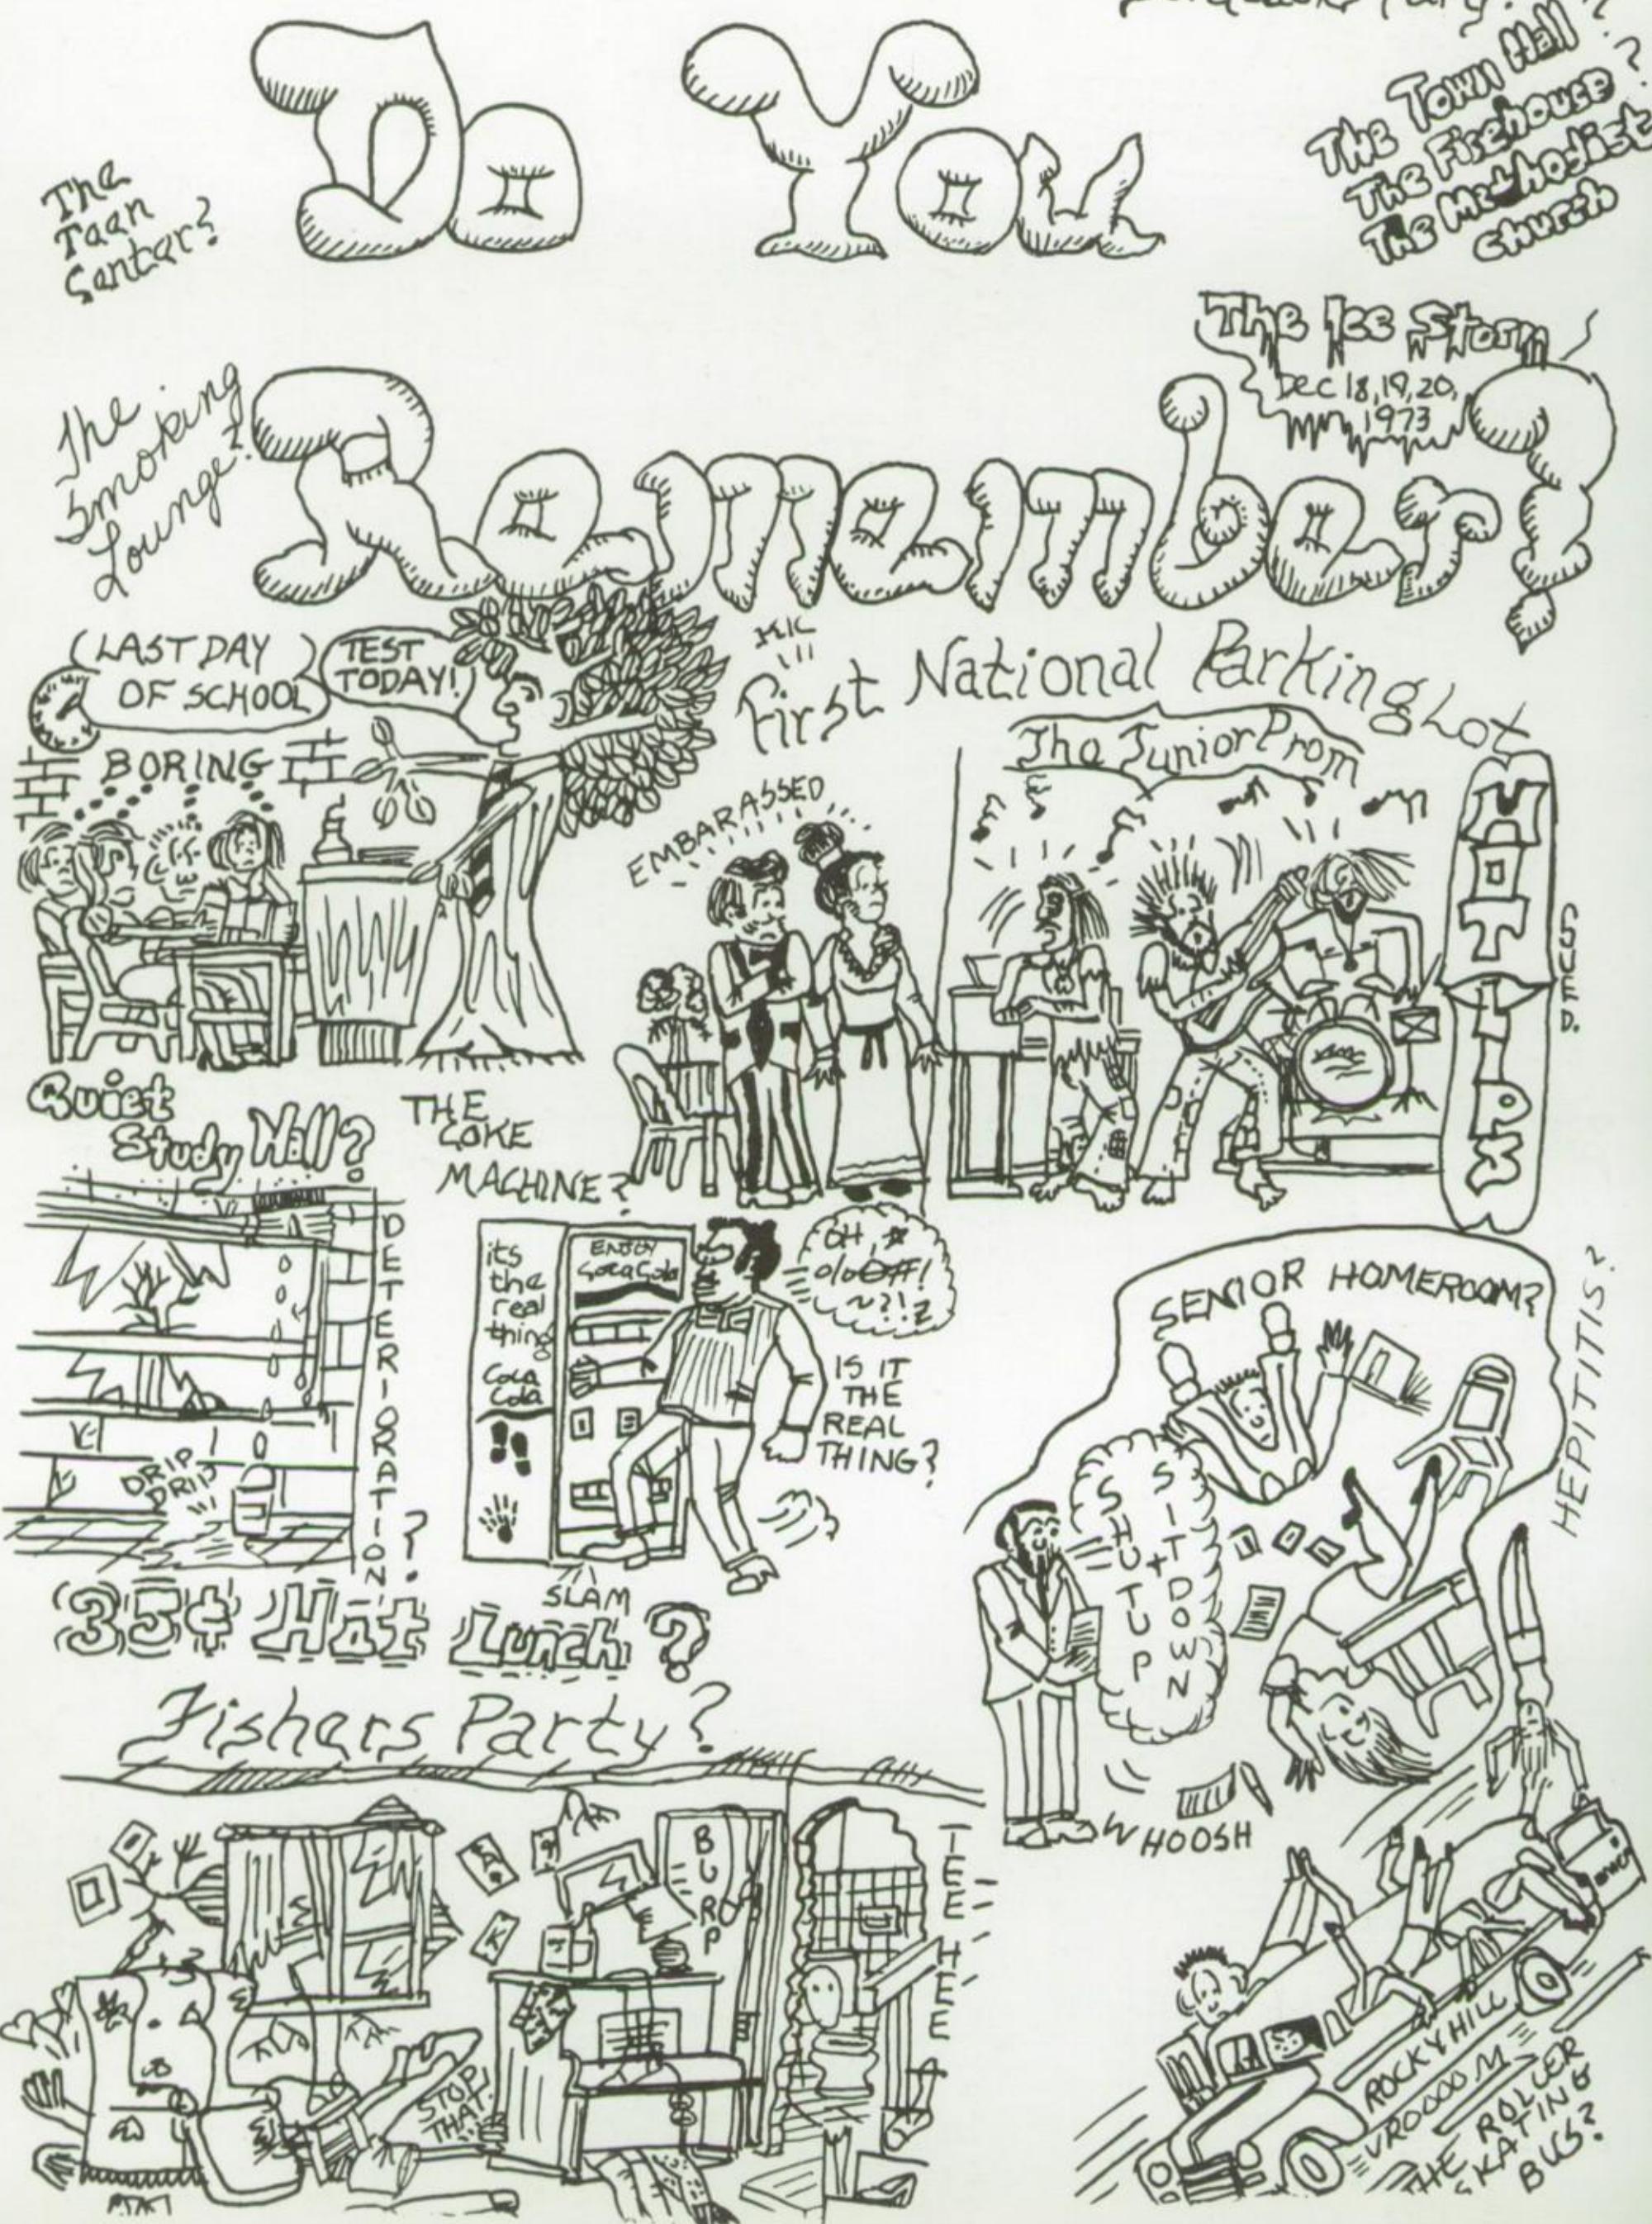

Let there be light!

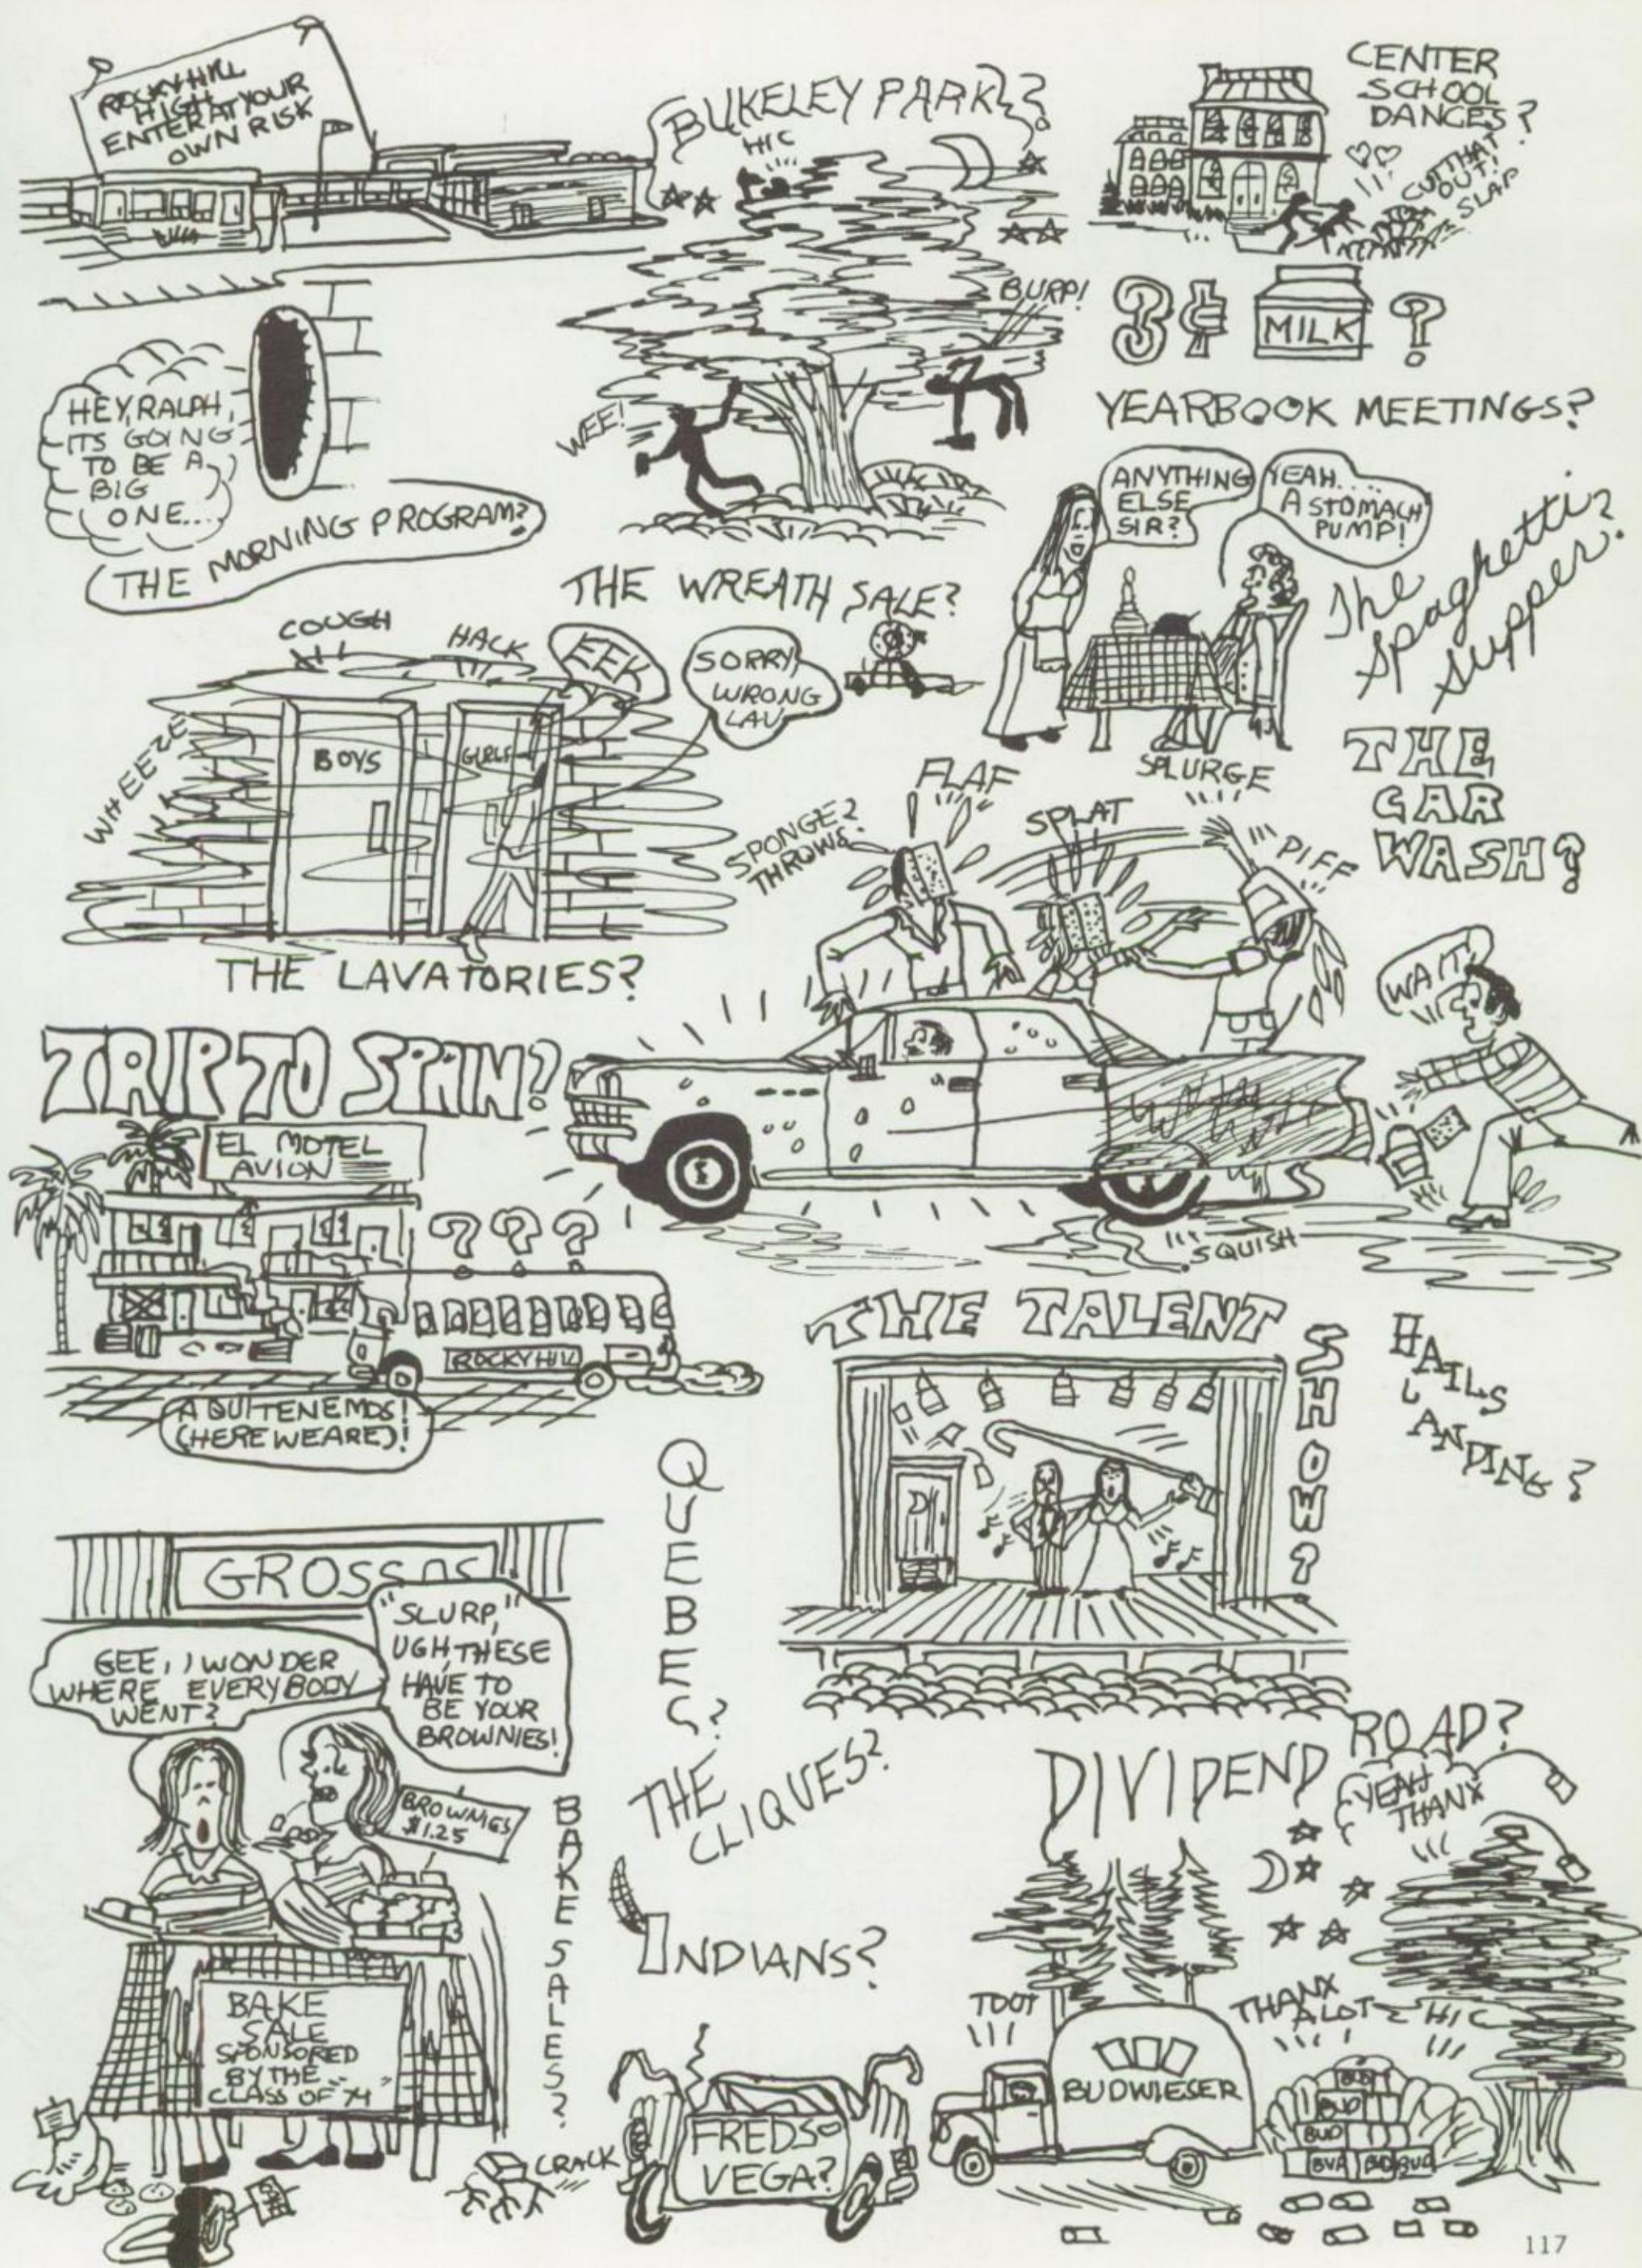

I did not drink both bottles of soda!

Editors Message

Time passes so quickly, it's amazing to see that our childhood days have come and gone. We are about to step forth into a different world. We will be facing new experiences, building new dreams and making old dreams come true. All of us have a lot to look forward to in the years to come, and we sincerely hope each and everyone of you will have your dreams come true. We put this yearbook together in hopes of preserving memories of our high school years, making it as natural as possible. At this time we would like to thank the members of the senior class for giving us the opportunity to make the yearbook possible, and to also thank our staff, for their tremendous cooperation and support. We would especially like to thank, Meg Burz, Doug Prill, Rebecca Lentini and Frank Sorano for the fine artwork and many hours put into the yearbook. And also to thank Jim Charbonneau and Paul Nott for being our right and left hand men at all times. Last but by no means least, we would like to extend our gratitude to Mr. Hamilton, for his support and dedication to the yearbook, and for always being there when he was needed.

We may Never Pass This Way Again

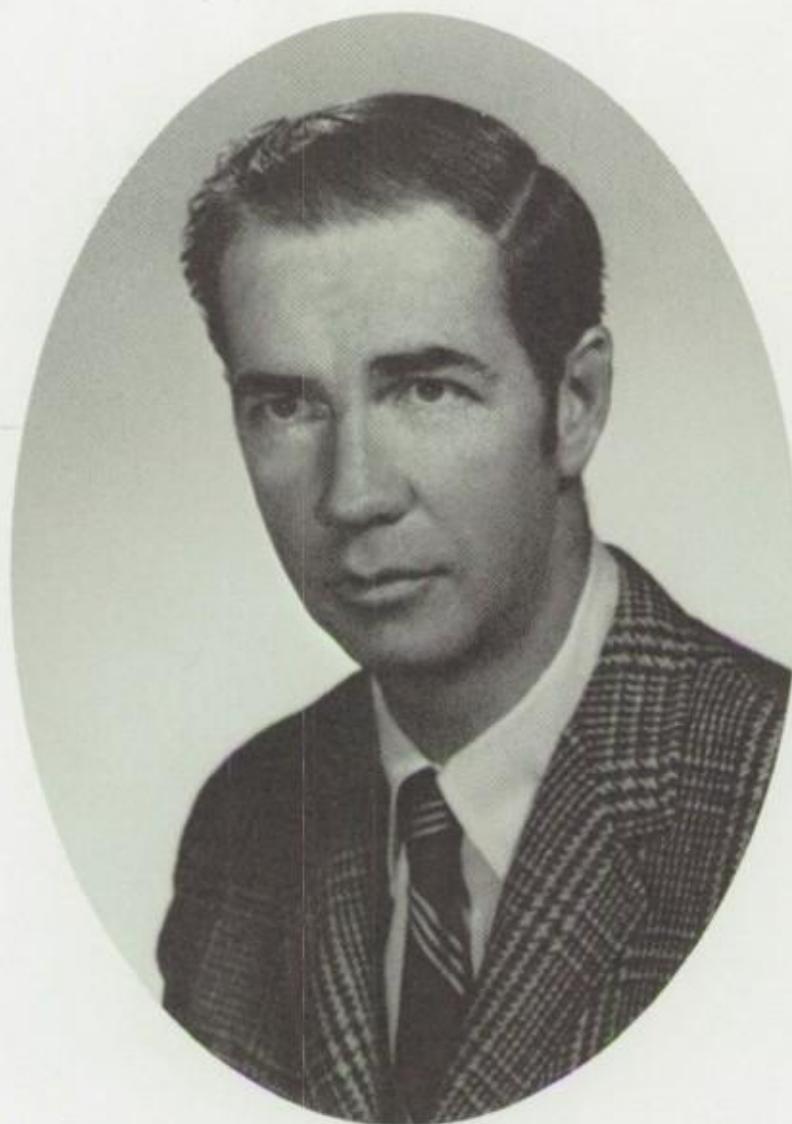

"Oh, for the good old days!"
The good old days are now.
One may look back; one may pine over some
gigantic dream of years gone by
But today is now, today is the good old day
And we just never pass this way again.

Courage decides how great our thrust.
Our trust, our love will support us
As we traverse yet untrod terrain.

With each goal firmly set, each mile gained,
we strive toward new horizons
For progress is a future, not a past.
Where we have been no longer pertains
It's gone and tomorrow we rise, always upward
Never again to pass this way.

So look not backward — eyes fixed on our future
Today we shrug off our fears
Build our courage, our hopes, and our dreams
For never to pass this way again is life's scheme

You have selected the words of a current ballad to serve as the theme for this year's edition of THE CUMBERLAND. The import of the message is contained in the underlying philosophy which depicts hope, courage and a call for everlasting peace! Upon graduation you will each have the opportunity to carry out this philosophy as part of your everyday life. The goals are real and justified; the challenge is yours to accept or deny. Only you can determine whether it is important enough in your personal life to reflect this attitude throughout your working days.

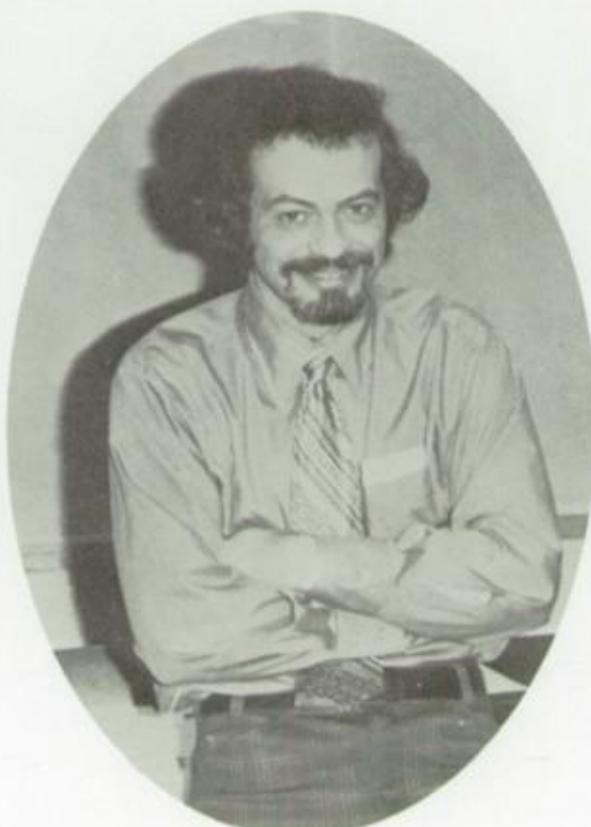

Congratulations upon achieving the immediate goal of having graduated from high school. You are entering an everchanging world and your own personal growth and development will be tested many times. The only preparation you can have is to be mature enough to recognize change and develop a set of standards which will carry you through any situation. This can only be accomplished through the strength of your own personal values.

For The Future

St. James

Roman Catholic Church

Dreams, so they say
Are for the fools and they let them drift away
Peace, like the silent dove
Should be flying but it's only just begun
Like Columbus in the olden days
We must gather all our courage
Sail our ships out on the open sea
Cast away our fears and all the years will come and go
And take us up, always up

2 good
+ 2 be
4 gotten
